Rotary International
"What would it take to change the world?"

Rotary was the world's first service club organization. Since it's conception in 1905, Rotary has expanded to 32,000 clubs worldwide with more than 1.2 million members. Rotary clubs tackle local, regional, and international issues under their motto: "Service above Self**.**" Members are business and professional leaders who are working to provide humanitarian services, build goodwill, and spread peace.

A member of the **Rotary Club of Weston & Wayland**, Jan Luchetti of **Jan Luchetti Interiors** embraces the Rotary goal of "making good things happen." If you are interested in learning more or would like to be involved with Rotary, **click here** to get started.
